

## Solution Architecture

Date	8 November 2022
Team ID	PNT2022TMID04044
Project Name	News Tracker Application
Maximum Marks	4 Marks

### Solution Architecture:

A complicated process with numerous sub-processes, solution architecture connects technological solutions to business issues. Its objectives are to

- Track down the most effective technological remedy for current business issues.
- Explain to project stakeholders the structure, traits, behavior, and other features of the software.
- Specify the features, stages of development, and requirements for the solution.
- Offer guidelines for how the solution is created, managed, and delivered.
